

The virtual experience you can't miss!

## Visit the Davis Vision virtual experience today!

We're thrilled to invite you to the Davis Vision virtual experience to learn about how your vision benefits and eye wellness are essential to your overall health!

Your vision plan is anything but routine, so this year we created a one-of-a-kind virtual experience because we want you to get the most out of your vision plan while having access to valuable education and information about your benefits.

### Easy access and usability via computer or mobile device

You can access the Davis Vision virtual experience by visiting [www.DavisVisionOE.com](http://www.DavisVisionOE.com) on your computer or mobile device. Not only is it easy to navigate, but you'll feel like you're really in the space and will be able to visit 24/7!

### Must-see attractions and education

The Davis Vision art gallery provides you the opportunity to learn about important benefits included with your vision plan, as well as the opportunity to learn more about eye and vision health and wellness.

### A Davis Vision Theater video premiere

You will be able to sit back and enjoy Davis Vision's video premiere as a VIP to learn about us as well as some of the great features included with your vision plan! In fact, if you watch our video you'll then become eligible to enter a sweepstakes for a chance to win a prize!

Your vision plan may be the right prescription and cost-effective solution for maintaining your overall health. We encourage you to share this experience with your friends, family, and co-workers so they can learn a thing or two about eye health as well.

Yours virtually,

The Davis Vision team

Need more reasons to visit our virtual experience? Once inside, you can play a fun game and even **enter a sweepstakes for a chance to win a prize.** It's our way of thanking you for stopping by!
